SUMMARY

B.E. Information Technology graduate with hands-on internship experience building responsive full-stack React applications. Proficient in React.js, JavaScript, HTML5, and CSS3, with experience integrating REST APIs and improving UI performance. Built and deployed production-grade platforms, seeking a Frontend Developer role.

SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3
Backend: Node.js, Express.js, REST APIs, Socket.io, JWT, bcrypt
Databases: MongoDB, MySQL
Cloud & DevOps: AWS EC2, AWS Amplify, AWS S3, Docker, Redis
Languages: JavaScript, Java, Python, SQL
Tools: Git, GitHub

EXPERIENCE

React Developer Intern | Mindbowser Pvt. Ltd., Pune | Jan 2025 – Feb 2025

- Built a responsive Weather Application using React.js and Vite, integrating a real-time third-party weather API.
- Improved component rendering performance and UI responsiveness across screen sizes through optimized state management and component architecture.
- Followed professional Git workflow, including feature branching, pull requests, and code reviews.

PROJECTS

NEST — Student Marketplace & Startup Innovation Hub | MERN · Docker · AWS · Redis · Socket.io

- Implemented JWT + bcrypt dual-token authentication with staged signup flow, email verification, and role-based access control.
- Built live group messaging using Socket.io for instant real-time communication across concurrent user sessions.
- Integrated Redis caching to reduce repeated database queries and improve API response times.
- Deployed frontend on AWS Amplify.

PROJECTS

ResumeIQ — AI-Powered Resume Analyzer | MERN · Google Gemini API

- Built a full-stack resume analysis tool that scores resumes for ATS compatibility and highlights keyword gaps.
- Engineered a hybrid scoring engine combining deterministic heuristic checks with LLM-based semantic analysis via the Gemini API.
- Implemented secure JWT authentication, resume parsing for PDF/DOCX, and rate-limited API endpoints.
- Designed a React dashboard with score visualization, keyword tagging, and analysis history backed by MongoDB.

EDUCATION

B.E. Information Technology — Sinhgad College of Engineering, Pune | CGPA: 8.57/10 | 2022 – 2026

12th CBSE — Gurukul Vidyapeeth, Rampur Hajipur, Bihar | 89.80% | 2022

10th CBSE — St John's Academy, Mahua, Hajipur, Bihar | 90.40% | 2020

CERTIFICATIONS

Web Development — Apna College

Data Structures & Algorithms — Apna College

POSITIONS OF RESPONSIBILITY

Student Coordinator, IIC Startup, Incubation & Entrepreneurship Cell (Yukti) | Jun 2024 – Jun 2025

- Organized startup and innovation-focused events, coordinating cross-functional student teams.

Member, Student Development Committee, Sinhgad College of Engineering | Mar 2024 – Mar 2025

- Coordinated department-level technical events and workshops.

LeetCode: Solved 183+ problems.
